ABOUT ME

Software developer at the beginning of my journey. I enjoy creating new and interesting things. I participate in designing, actively developing, and implementing applications and solutions that integrate through APIs with external services. I am a sociable person and open to others. I like learning new things and improving my skills.

EXPERIENCE

BeOne Sp. Z o.o. – Alfresco Developer Intern 2022.05 – 2022.09

Software maintenance, contact with the clients regarding created tickets and clients' requirements

JavaScript

SQL

GIT

Docker

Java

Maven

Aproco.io – Software Developer

2022.10 – present

Developing systems automating processing of clients' documents using AI tools; creating custom forms communicating with external services; basic system administration
